HIRSCHMANN
A **BELDEN** BRAND

HiView v04.0.00 has been released

2021-07-27 - - Software Products

New features in version 04.0.00

- HiView has the same look as the Web Interfaces of the HiOS/HiSecOS devices.

- The Applet Launcher lets the user automatically login to the Web Interface now also of HiOS/HiSecOS devices.

- The actions for starting the Telnet or SSH connection have merged into a single action "Open CLI Connection".
