Discontinuation of Classic Products

2023-03-02 - Johannes Schilling - Switches and Router

After more than 15 years on the market, Hirschmann has announced the discontinuation of products based on Classic software. These include RSx0, MICE, OCTOPUS Classic, and some variants of the MACH10x range. Last order date is 31st December 2023, with technical support available until 30th June 2029.

The discontinuation announcement containing full information is available here:
