

- 2018-02-21 - Industrial HiVision

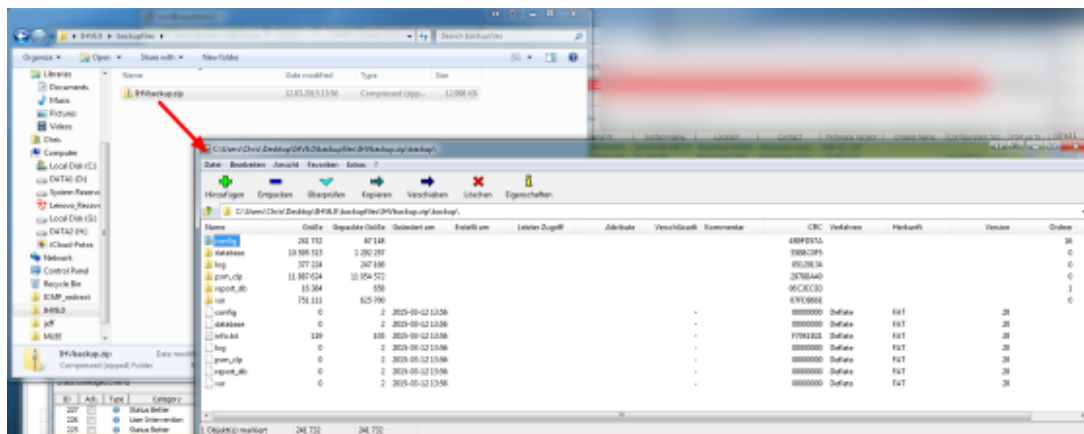

This data is usually requested from technical support when reporting an issue.

The screenshot shows the 'Hirschmann Industrial HiVision - New Devices - Edit Mode' application. The 'File' menu is open, and the 'Save Backup' option is highlighted with a red circle. Other menu options include 'New Project', 'Run Setup Wizard', 'New', 'Connect...', 'Open...', 'Save', 'Save as...', 'Export...', 'Export Events...', 'Print', 'Print Events', 'Exit and Stop Service', and 'Exit'. The 'Devices' panel on the right displays a table of network devices with columns for 'Type', 'Status', and 'IP address'. The table shows several devices with different status icons (yellow triangle for warning, green checkmark for OK) and IP addresses like 10.3.0.3, 10.3.0.205, and 127.0.0.1:9003.

Type	Status	IP address
[Icon]	[Warning]	10.3.0.3
[Icon]	[Warning]	10.3.0.205
[Icon]	[Warning]	10.3.0.1
[Icon]	[Warning]	127.0.0.1:9003
[Icon]	[Warning]	127.0.0.1:9004

Save Backup and **Load Backup** can be selected from the **File** menu.

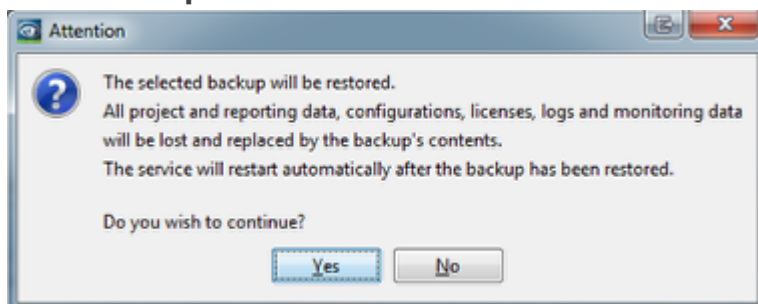

Backup Files

Backup files are zip files which includes all relevant data like:

- PSM list
- PSMs
- HiVision Config
- Reporting DB
- License files
- logfiles
- all user reports, scripts, tasks and task result files

Load Backup

Only restore of backup files from the same IHV version.

An application restart is performed when restoring a backup file.
