HiOS 09.1.00 has been released!

Hendrik Lepple - 2022-08-29 - HiOS

Version 09.1.00 of Hirschmann HiOS has been released. You can download it from now on in the 'Downloads' section of the ticket portal.

Please note:

- The firmware for BXS devices (BOBCAT EXTREME SWITCH) is contained in the archive for BRS devices
- The firmwares is for 2S and 2A variants only. There is no HiOS 09.1.00 for 3S/3A devices.
- The FOSS iso image is not included in the archives on the ticket portal. If you need the FOSS image, please download it from the BELDEN web server directly: https://www.belden.com/resources
