Portal Home

The screenshot shows the Hirschmann Support Center interface. At the top left is the Hirschmann logo and 'Hirschmann Support Center'. At the top right, there is a language selector (English) and a 'Contact Us' button. A search bar in the center contains the text 'How can we help you today?'. On the right side, a user profile dropdown menu is open, showing options: 'View my profile' (1), 'My tickets' (2), and 'Logout'. Below the search bar is a navigation bar with four buttons: 'Knowledgebase' (4), 'News' (5), 'Files', and 'Tickets'. The main content area is divided into two sections: 'News' and 'Knowledgebase'. The 'News' section displays four news items with dates: JUL 31, JUN 26, MAY 20, and APR 3. The 'Knowledgebase' section is organized into four categories: Basics (12), Products (312), Tools (3), and Support Portal (3), each with a list of article titles and a 'View all articles in [category]' link. A 'Contact Us' button is located at the bottom right of the page.

1. Your Account - edit your profile settings
2. Your Tickets - Overview of your open and resolved tickets
3. Search bar - fulltext search for tickets and knowledgebase
4. Navigation Buttons to directly switch between Knowledgebase, News, Downloads or My Tickets

5. Preview of Knowledgebase and News - shows recent added articles and news posts

Search

The screenshot shows a search interface with a search bar at the top containing the text 'authentication'. To the right of the search bar are a close button (X) and a 'Go' button. Below the search bar, there are three main sections:

- Your tickets 2**: This section contains two ticket entries:
 - Can't get MAB to work on MACH1040 (0 s)
 - radius authentication does not work as expected (0 s)A link 'View all 2 results' is provided below these entries.
- Knowledgebase 25**: This section is currently selected and displays a list of knowledgebase articles:
 - Radius Authentication for Management Access (2 Y)
 - HiLCOS Client with Radius CA, username and password (9 M)
 - Collect tool cannot download system info and event log (2 Y)
 - Are Hirschmann products affected by the vulnerabilities described in BSECV-2016-3? (2 Y)
 - Are Hirschmann products affected by the vulnerabilities described in ICESA-10-214-01? (2 Y)
 - ""Save support info"" cannot download SystemInfo and EventLog files of platform IV devices. (2 Y)
 - How to use radius authentication for switch management access (2 Y)
 - How to configure a Radius Profile on the WLC and include it in Logical settings (2 Y)
 - Which algorithms for authentication and privacy at HTTPS are supported by classic switches? (2 Y)
 - How to setup LDAP authentication on HiOS devices (2 Y)A link 'View all 25 results' is provided below these entries.
- News 5**: This section is currently unselected.
- Files 0**: This section is currently unselected.

Use the search bar in the portal home to search for tickets, knowledgebase articles, news and files

How to use radius authentication for switch management access

Last updated: Feb 23, 2018

2

  [Subscribe](#)

This lesson describes how to configure radius for switch management access via telnet and webinterface. The functionality is available as of release 7 for devices with L2P software and higher. Note: For webinterface configuration make sure that the password consists 8 or more characters.

Configure Radius-Server

- 1.) Click on "Create" and enter IP-address of Radius-Server.
- 2.) Configure "Shared Secret". Please note that this field will be empty after the next step because of security reasons.
- 3.) Click on "Set" in order to send new configuration to switch agent.

Optional: Configuration via CLI

Search or browse the knowledgebase for frequently asked questions, howtos etc.

1. Navigation is possible by clicking the breadcrumbs.
2. You can subscribe to category folders and articles to get notified about new content or article updates, share the article via eMail or download as PDF.

Submit Ticket

The screenshot shows the Hirschmann Support Center portal. At the top, there is a navigation bar with the Hirschmann logo, the text 'HIRSCHMANN A BELDEN BRAND', and 'Hirschmann Support Center'. On the right side of the navigation bar, there is a language selector set to 'English' and a 'Contact Us' button. Below the navigation bar is a large blue search bar with the placeholder text 'How can we help you today?'. At the bottom of the page, there is a navigation menu with four options: 'Knowledgebase', 'News', 'Files', and 'Tickets'. The 'Tickets' option is highlighted with a red box. A red arrow points to the 'Contact Us' button in the top right corner.

To create a ticket click on the 'Contact Us' button on the portal home or go to 'My Tickets' and click 'Submit Ticket'
