## Which products (of Platform 4 / Classic Switches) support PTP master function?

- 2018-02-09 - Classic Switches

Following products support PTP master clock

- MS20, MS30 and MS4128 with their modules MM23 and MM33
- MACH 104, but not at 10 G ports
- MACH 1040
- MACH 1140, but not at its service port

Please note that PTP is available over HIPER Ring and MRP, but PTP is not available via LAG.
