Remote Access with HiView with changed web server and remote access port

Christoph Strauss - 2022-05-16 - Industrial HiVision

Applies to Industrial HiVision 08.2.00, 08.1.04 or newer

If you change the default ports of the web server and remote access in Industrial HiVision, then you need to specify the ports in the URL as follows.

Configuration Industrial HiVision:

172.16.17.8 Timeout Occured Du	ring Reloading		
Preferences			×
	^	Services Access	
	Web Server		
Event Actions	Web Server:		Restart Required
	Protocol:	http ~	Restart Required
isplay Display	Port:	11160 Use Default Values	Restart Required
	Project Data Server		
	Remote Access:		
- 🚭 Device	Port:	11161 Use Default Values	Restart Required
