

HiView v03.1.01 released

2019-02-08 - Christoph Strauss - Software Products

New features in version 03.1.01

- HiView now offers two options for application installation. You can still download the zip file, and a new installation wizard has been added.

Fixed in 03.1.01

- The graphical user interface of the BRS device can now be open using the latest version of the HiView application.
