The TSN software HiOS 07.3.00 was released

2018-11-08 - - Switches and Router

Today, the official release of HiOS 07.3.00 for the TSN devices <u>RSPE</u> and <u>OCTOPUS II</u> was done.

You can download the firmware from the <u>download area</u> of the support portal from now on and use TSN in your network. You can also find the latest <u>issue list</u> for HiOS there.
